A LETTER FROM PASTORS

MIKE & RACHEL HAMAN

At the start of 2024, God gave us a word to shape our year – FREEDOM. We anchored ourselves in the promise of Psalm 119:45:

“I will walk in freedom, for I have devoted myself to your commandments.”

Looking back, we can clearly see how faithful God has been to that promise. Across all our campuses, we’ve witnessed stories of breakthrough and transformation as people discovered freedom through God’s healing, grace, and truth.

God has built His Kingdom through you and your heart to be a healing place for a hurting world. This Annual Report is a way for us to reflect on the goodness of God over the past year.

As we continue to GATHER, GROW, & GO in the purposes of God, let’s believe that our best days are ahead of us. Thank you for taking the journey with us and helping us to be THAT church!

TESTIMONY

In 2018, I felt a nudge from God to be baptized. That gentle prompting led me to find my church home at HPC, where I took that step of faith and was baptized. Since then, I have always maintained a strong relationship with God. However, as life unfolded, I found myself putting church on the back burner.

Fast forward to early 2024, and it felt as though my world came crashing down all at once. I found myself battling a level of depression I had never experienced in my 28 years of life. The darkness felt overwhelming, and yet, in the midst of it all, I knew exactly where to turn. Even through the pain, I clung to Jesus, knowing He was the only One who could truly bring me through.

Then, I made the decision to come back to church. From the moment I stepped inside, I could feel the weight of my sadness beginning to lift. I started taking sermon notes, reciting them at home, praying more intentionally, and even opening my Bible to read again. God had never left me, but I realized that true healing came when I surrounded myself with others who loved Him. Seeing their faith, their struggles, and their perseverance reminded me that I was never alone.

Thank you, HPC, for being exactly what you say you are—a healing place, not only for me but for an entire community of people searching for hope and a place to belong.

TESTIMONY

After being addicted to drugs for 10 years, everything changed when I lost my dad in 2020. He was very rooted in his faith and always reassured me that Jesus loved me no matter what I had done. Out of desperation and grief, I started going to his church in hopes of feeling closer to him. I did that for a few months, and then I finally checked myself into rehab. When I got out, the first year was miserable. I was trying to control everything-the people around me, the outcomes of literally everything. I knew I was going to relapse if I didn't do something fast because I was always angry. I started attending Healing Place Church in early 2023. I started giving my very first hour of every day to Christ. I started watching what I listened to, what I was watching, who I was hanging around. I redirected my focus to Jesus and let Him have full control of my life. That little bit of happiness spread like wildfire. I wanted to know more and more about Jesus and how I could serve him. I was once hopeless, and today, I want to spread the Word of God to everyone around me.

TESTIMONY

Blessings sometimes come to you disguised as unexpected or uncomfortable situations, as was the case with my first experience serving as a photographer at Hams for Fams. I went in thinking I'd just be along for the ride to take photos of the outreach on site, but Jesus showed me so much more during my time with the Jackson family. It was time to hop in a car with a family who was delivering hams to people in the community. I had never met them before, so I was nervous at first, but had no idea they would end up becoming spiritual family and an inspiration that grew my faith. It was truly an honor and privilege to watch them pour into a community that took so much from them around the same time a few years ago. I was reminded of what it looks like to be the hands and feet of Jesus.
