VERSE 1:

I won't be afraid I know my God
He holds the whole wide world inside His hands
I won't shy away from the unknown
I know that it's all inside his plans
I won't be afraid of any shadow
I know that His light will lead me on
I won't fall apart whenever sorrow comes
I know that I'm never alone

CHORUS:

I will trust in the Lord
With everything I have
I will bring Him all my praise
In the good and the bad
I will worship in the waiting
When I cannot see the end
He's never let me down
And that'll never change
So I'll praise Him anyway

VERSE 2:

I will walk in peace, He goes before me
I will never cower at what comes
I won't let my mind fall to anxiety
I am not afraid I know my God
I am not afraid I know my God

CHORUS:

I will trust in the Lord
With everything I have
I will bring Him all my praise
In the good and the bad
I will worship in the waiting
When I cannot see the end
He's never let me down
And that'll never change
So I'll praise Him anyway

BRIDGE:

If you're not in it, I don't want it
I will trust in Your plan
If I don't get it, I don't need it
If it's not what You have
If I don't see it, I'll believe that
It's all on Your hands
If I'm waiting, God You're moving

TAG:

If I'm waiting, God You're moving

CHORUS:

I will trust in the Lord
With everything I have
I will bring Him all my praise
In the good and the bad
I will worship in the waiting
When I cannot see the end
He's never let me down
And that'll never change
So I'll praise Him anyway
