VERSE 1:

He is my helper
He is my strength
When the storm winds blow
He is my peace
He is my comfort
He is my friend
He was there from beginning
He'll be there in the end

CHORUS:

He's my everything
More than words can say
He's my everything
He's my everything
All my life I'll sing
He's my everything

VERSE 2:

He is my treasure
More precious than gold
Like a stream in the desert
He brings life to my soul
He is my Savior
The One that I love
At the cross it was finished
I've been washed in His blood

CHORUS:

He's my everything
More than words can say
He's my everything
He's my everything
All my life I'll sing
He's my everything

BRIDGE:

All that I want
All that I need
All that I ask
All that I seek

CHORUS:

He's my everything
More than words can say
He's my everything
He's my everything
All my life I'll sing
He's my everything

CHORUS 2:

You're my everything
More than words can say
You're my everything
You're my everything
All my life I'll sing
You're my everything
