VERSE 1:

I'm drawn to You
Like a tide to the water's edge
With a fire burning deep within
And it grows
I cling to You
Like a child to a father's side
Like I've waited for you my whole life
And I won't let go

CHORUS:

I want You
I love You

VERSE 2:

I trust in You
When everything seems all but lost
You're my closest confidant
Yes, You are
I'll follow You
Cast every crown down before Your throne
'Cause it's Your will, not my own
And I won't turn back

CHORUS:

I want You
I love You

BRIDGE:

I'm humbled by Your majesty
More than anything You've done for me
And if You never did another thing
It'd be enough
Just to be known by You

CHORUS:

I want You
I love You
