VERSE 1:

I offer myself up to You
You're my one desire
Burn away the chaff of my heart
You are the Refiner

CHORUS:

I want more than water
Baptized with fire
The presence of God filling every part of me
There's no one greater
Blessed Redeemer
I lay at Your feet all my life, all of me

VERSE 2:

I give You the grain of my life
The most valuable sacrifice for You
Surrendering all that I have
I'm not holding back
Now it's all in Your hands

CHORUS:

I want more than water
Baptized with fire
The presence of God filling every part of me
There's no one greater
Blessed Redeemer
I lay at Your feet all my life, all of me

BRIDGE:

I'm waiting at the threshing floor
Purify my heart O Lord
Pour Your Spirit out on me
Pour Your Spirit over
Thank You for the threshing floor
I'm nothing like I was before
I'll pour my life out on You
I'll pour my love out

CHORUS:

I want more than water
Baptized with fire
The presence of God filling every part of me
There's no one greater
Blessed Redeemer
I lay at Your feet all my life, all of me

TAG:

There's no one like You
There's no one like You

CHORUS:

I want more than water
Baptized with fire
The presence of God filling every part of me
There's no one greater
Blessed Redeemer
I lay at Your feet all my life, all of me
